Of Interest to Taxpayers.  
Last year a change was made in the manner of collecting state and county taxes in Jefferson county, the duplicates being placed in the hands of the tax collectors of the several townships and boroughs instead of being given to the county treasurer. Under a decision of the state supreme court, rendered not long ago, it appears the county commissioners were not compelled to make this change, as the law did not require it. Whether they will go back to the old plan, and deliver the duplicates to the county treasurer, we know not. They can if they so desire—Brookville Democrat.

Burns any Fuel

Cole's Hot Blast heats perfectly with hard or soft coal, slack, wood, lignite coal, cobs, any kind of fuel without change of fixtures. This wonderful heater gets the same results from soft coal that expensive heaters do from hard coal.

If you enjoy the luxury of dressing in warm rooms without having to get up in the cold to build fires, you will investigate COLE'S ORIGINAL HOT BLAST to-day.

Holds Fire 36 Hours

Cole's Hot Blast is guaranteed to hold fire 36 hours with soft coal or hard coal without attention to the stove. Another point, the rooms can be heated two hours in the morning with coal put in the stove the night before. Simply open draft.

Most Cleanly

Cole's Hot Blast is air-tight with a smokeless feed door, allowing the use of the cheapest fuel without gas or smoke escaping. The removal of ashes by the dustless ash remover prevents dust or ashes getting on the floor.
